

# Summer 2 Maths Milestones

Mastering foundational number sense and spatial awareness.

## Number Bonds to 5

Building quick mental recall of number pairs that make five.

## Counting Beyond 20

Extending the number sequence and recognising larger patterns.

## Counting to Compare

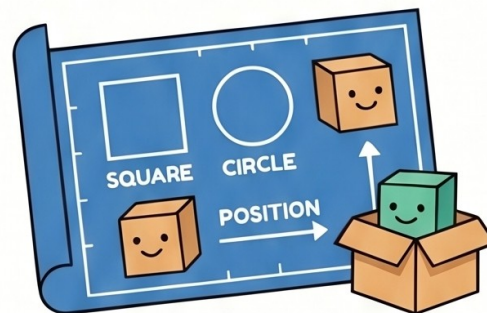

Using counting skills to identify which groups have more or fewer items.

## Distributing Equally (Sharing)

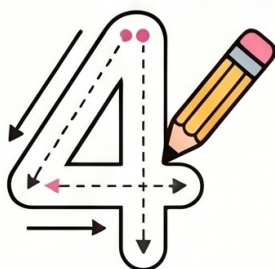

Learning the basics of division by sharing objects fairly into groups.

## Spatial Thinking

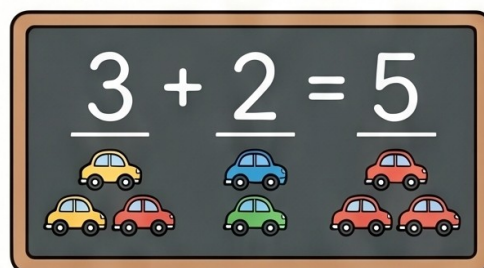

Exploring shapes, positions, and how objects fit in space.

## Number Formation

Developing the fine motor skills to write digits clearly and correctly.

## Written Addition

Combining groups of objects and recording the total as a sum.
