

A vibrant, magical forest scene. Large, gnarled tree trunks frame the center, where bright golden light rays stream down through the canopy. The forest floor is covered in lush green moss, ferns, and various colorful mushrooms, including red ones with white spots on the left and blue and green ones on the right. Numerous small, glowing golden and blue particles float throughout the air, creating a dreamlike atmosphere.

Welcome to
the Magical
Hillborough Forest

Our school is one giant, connected family of trees

From Reception to Year 2, we all grow in the exact same soil. We share our sunlight, we protect each other from the rain, and we make our forest a joyful place to live.

Year 2 Tree Wardens protect our newest seeds

Our oldest children step up as Tree Wardens.

They mentor, guide, and protect our new Reception friends.

No seed is ever left to grow alone.

We solve challenges together in our Forest Meetings

Regular Forest Meetings bring our oldest and youngest pupils together.

We take on collaborative challenges.

Every single child is a vital part of our wider school family.

We gather every Friday to celebrate our forest

At the end of the week, all paths lead to our Friday assembly. We celebrate the collective efforts and the Dojos earned by Sherwood, Ashridge, and Heartwood.
